"Lawn Fete" given by Mr. and Mrs. Andrew Crawford on Tuesday 14th was one of the grandest affairs of the season. A prettier and more romantic spot could not have been found where old and young could have enjoyed themselves as much. The entire grounds were lighted with lanterns and the bridge that crossed from one portion of lawn to the other with the lights spotted here and there made a picture in itself not easily forgotten, three ages were present, one hundred and twenty in all and merrily was the romp and song of the little folk in their "wee-wee" marching round the levy, hide and seek and other games. Lovely was the coupling off of the young folks, the sound of the guitar with the young folks, the sound of the guitar with the young folks, the sound of the guitar with the young folks.

Mr. Mattingly was in his 56th year and was an honored and respected citizen. His father and mother, Mr. and Mrs. J. Mattingly, of Mattingly, are both living and attended the funeral of their son. NO WILL FOUND.

Heirs at Law of the Late Judge Holt Petition the Probate Court For Settlement.

The following Washington dispatch to the Courier-Journal explains itself:

WASHINGTON, August, 30.—(Special.)—John W. Holt, of Texas; Washington D. Holt, of Kentucky, and William G. Sterrett, of this city, as heirs of the late Judge Joseph Holt, have filed a petition in the Probate Court praying for a settlement and distribution of the estate of the deceased, who is stated to have been an uncle of the petitioners. It was supposed that Judge Holt left a will dividing his estate between favorite relatives, but so far no will has been discovered. The petitioners state that the real estate of their uncle amounts to between thirty and forty thousand dollars, and that the personal estate is even larger, \$60,000 of the latter being in District of Columbia 305 bonds, which were found in an old satchel discovered in their uncle's house. Other personal estate includes \$2,000 of 5 per cent. bonds of the city of Louisville, \$5,000 of 4 per cent. bonds of the same city, four 6 per cent. bonds of the District of Columbia of a par value of \$100, sixteen bonds of the Belt Line railroad, worth each \$500; 220 shares in the stock of the National Bank of Commerce in New York, and two notes valued at \$11,000 and \$12,000 respectively; a large library, household furniture, bric-a-brac and a horse and vehicle.

The entire estate, it is said, is worth about \$134,000, and, as Judge Holt died leaving no widow, children or descendants of children, the estate, in the absence of a will, will be divided between relatives on his father's side. It is said that he refused to recognize many of them, and returned their letters unopened. It is, therefore, believed by some that he left a will. Judge Holt's brothers and sisters were: Richard S. James J. Thomas, Robert S. and Elizabeth. The latter married William Sterrett, the father of one of the petitioners, who has a sister entitled to a share of the estate with him. The two brothers, James J. and Richard S., died unmarried, and Thomas Holt died, leaving one son, Washington D., as his sole heir. Robert Holt had six children at the time of his death in the District of Columbia. These are: Sarah, John W., Locke, Robert, Thomas and James. He also had a grandchild by a deceased son, Joseph, now fifteen years old, and residing in Sherman, Texas.

Mrs. W. H. Bowmer, of this city, is the sister referred to above and comes in for one-sixth of the estate which will amount to about \$25,000.—Ed.

ALEX KICKED "SAVOYARD."

Our Congressman and a Courier-Journal Washington Correspondent Have a Scrap

The St. Louis Globe-Democrat last Saturday contained a special dispatch from Washington that is of interest to the people of the Fourth Congressional District. The same was not mentioned in the Louisville papers, but, nevertheless, we give it to our readers as a piece of news without comment. The Newman mentioned in the dispatch is Eugene Newman, the noted "Savoyard," of the Courier-Journal. Following is the dispatch:

"An episode not down on the bills occurred yesterday in the lobby back of the speaker's chair at the Capitol. Representative Montgomery, of Kentucky, was sitting on a table swinging his feet and talking to Representative Ellis, when an employe of the house named Newman approached. Eye-witnesses of what occurred say that Newman applied an opprobrious epithet to Mr. Montgomery, and that thereupon the latter raised his right foot and planted the heel with such force in the pit of Newman's stomach as to put him in great pain for a time. Representative Ellis and others interfered, and Newman was led from the lobby. Mr. Montgomery says that Newman, in addition to being an employe of the house, is also a correspondent for a Kentucky newspaper, and has misrepresented him in his correspondence in regard to the distribution of Kentucky patronage. When Doorkeeper Hunt learned what had occurred he discharged Newman at once."

JAMES E. MATTINGLY,

After a Long Illness, Departed This Life at 3 o'clock Yesterday Morning.

Mr. James E. Mattingly died at his home in this city at 3 o'clock yesterday morning.

Mr. Mattingly had not been in good health for more than two years. Two years ago he was stricken with paralysis and for several weeks it was thought that he would die. He partially recovered, however, but was never able to go about as before the stroke. He was confined to his room principally, though aside from his inactivity he was not sick.

About ten days ago he was taken sick with typhoid fever and died as stated above. His remains were interred in the McGavock cemetery at 3 o'clock yesterday evening.

Mr. Mattingly was in his 56th year and was an honored and respected citizen. His father and mother, Mr. and Mrs. J. Mattingly, of Mattingly, are both living and attended the funeral of their son. They are respectively 79 and 78 years of age. A large concourse of relatives and friends followed the deceased to the grave. A son, Thos. Mattingly, who is in Mississippi, was telegraphed but did not arrive in time to be present at the funeral.

ANOTHER WRECK.

The Branch Locomotive Flies The Track and Wick DeHaven is Slightly Hurt.

There was a wreck over on the Hardinsburg branch last Friday, which from first reports seemed to be a severe and fatal one.

Wm. Sahlie was engineer and Wick DeHaven was fireman. Both these gentlemen are from this city, the latter being a son of Judge John R. DeHaven, and as the first dispatches reported that young DeHaven was probably fatally hurt, there was considerable excitement created here by the news. Fortunately, however, the wreck was not a bad one, the particulars of which being about as follows:

The train was running along at a slow rate of speed, when within about one mile of Harned a flange on one of the wheels of the locomotive broke. This caused the locomotive to climb the rails and fly the track. She ran only about fifty feet on the ties when she tumbled off the grade and ran her nose into a bank. The first thought of fireman DeHaven was that he would jump to save himself, but he could not do it without taking greater risks than staying with the engine. They were in a small cut and when he got on the steps to make the leap he could not see anything for dust and steam, and a jump under such circumstances might mean instant death. About this time the locomotive turned off and DeHaven was caught between the tender and cab, and slightly injured in the groin.

The wrecking train was immediately sent from this city with Dr. S. S. Watkins, surgeon of the road, on board. DeHaven was brought home on the west-bound "Texas" train that night and he is now rapidly recovering from his injuries. The engine was brought down next day and placed in the shops for repairs. The damage sustained because of the wreck was not extensive.

GOOD MAN GONE.

John H. Summers, Superintendent of the Acme Brick Works, Died Monday.

Mr. John H. Summers died at his home in this city at 2 o'clock p. m. Monday, August 20. Mr. Summers had been a citizen of Cloverport, comparatively speaking, only a short time. He came here from Louisville at the starting of the Acme brick works about two years ago. He held subordinate positions "till about one year ago, when he was made superintendent of the works." This position he has held to the general satisfaction of all concerned, being well liked by both his employers and the men who worked under him. About two weeks ago he was taken sick with typhoid fever and while he was a man of splendid physique, he was not able to stand the ravages of this dread destroyer.

His bedside was attended by his brother, Henry Summers, of Louisville, and everything was done that might tend to alleviate the suffering of the sick man, but to no good effect. His remains were taken to Louisville yesterday for interment.

Among the many recent additions to Cloverport citizenship, John Summers was one of the most desirable, and the sincere regret of his early demise is general. He was a good, kind, genial, gentleman; as a business man he was prompt, straight and exact in every respect, and the universal expression is "a good man is gone." He was forty years old and leaves a widow and two small children.

It is also pleasing to know that Mrs. Haynes' health, which had not been good for some time before she left here, is much improved.

Mr. Henry F. Cassan, Deputy Clerk in the United States Marshal's office, Louisville, has been the guest of Mr. John Vest a few days, leaving yesterday for Carleton Springs, Hopkins county. Mr. Cassan has proved himself to be so competent that he has held his position for twenty-four years through all the changes of administrations.

A very heavy rain with some hail fell at Irvington Saturday night. It was purely local and did not extend but a few miles in any direction from the place. It came in the shape of a water-spout, there it is said, and flooded the ponds and did great damage to the crops.

Wm. Ashby is one of the farmers residing near Cloverport, who has more than one way of making money. Besides being proprietor of the celebrated Highland Nursery and possessing a good vineyard and orchards with a variety of fruits, he has several kennels of ferrets. These are great rat exterminators and he sells them for \$4 each. Last year they were \$5. He now has forty odd on hands and it is interesting to watch their antics. One ferret will drive all the rats from any place, however many they may be.
